Foreword

In the pages that follow we have tried to capture and record for you a few of the shining moments at Shelton State Vocational School.

Our sincere wish is that they will recall for you a bit of joy we have shared as all of us have worked together in our constant search for the better life.

SHELBY McGEE

MISS WYNELLE HITEN

The 1957-1958 Trademaster Staff takes great pride and pleasure in dedicating this edition to Miss Wynelle Hiten, head of the Business Department, in recognition of her tireless effort and enduring patience in working with the students in their endeavors to prepare themselves for the business world, and her genuine and helpful interest in all the activities of the school, including the supervision of the school paper and the annual. Through her skillful guidance, with her gracious manner and ready smile, she has inspired us to search for the key to higher learning.

Miss Hiten, the youngest of seven children, was born in Fayette county. The love of teaching was probably instilled in her early in life, for her father was a teacher for forty-six years.

She graduated from Hubbertville High School in Fayette County, attended Livingston State Teachers College for one year and received her B. S. degree from Florence State Teachers College. She has done graduate work at the University of Alabama and the University of Tennessee. She is listed in the Who's Who Among Students in American Universities and Colleges. Before coming to Shelton State Vocational School she taught Business Education in the Cullman County School System and held a position as Secretary in Industry. She has been at Shelton State Vocational School since the school opened in 1953.

Her sincere interest in the school and in the welfare of all who come in contact with her will be remembered by each of us long after we graduate.
